

Introduction

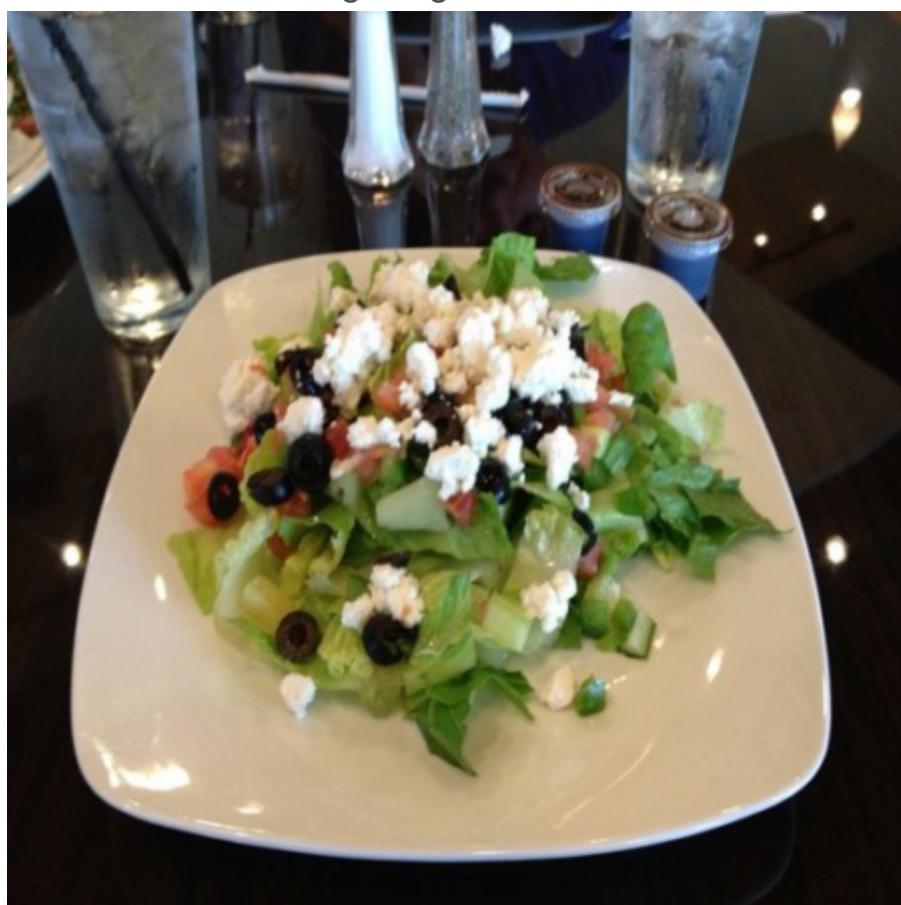

In general, machine learning is a subfield of artificial intelligence that enables systems to learn and improve automatically by leveraging data without being explicitly programmed. A machine learning model is a statistical model based on this data that can be used to make decisions automatically.

Consider the following scenario: Researchers have developed a machine learning model that **automatically classifies different types of food** by evaluating different images.

In the following, there are 10 questions in total, asking how you would classify each image (i.e., how would you describe the food in the given image). Take into account that an answer can be given multiple times. This survey will take approximately 5 min. Thank you for taking part in this survey!

Food 1

Consider the following image:

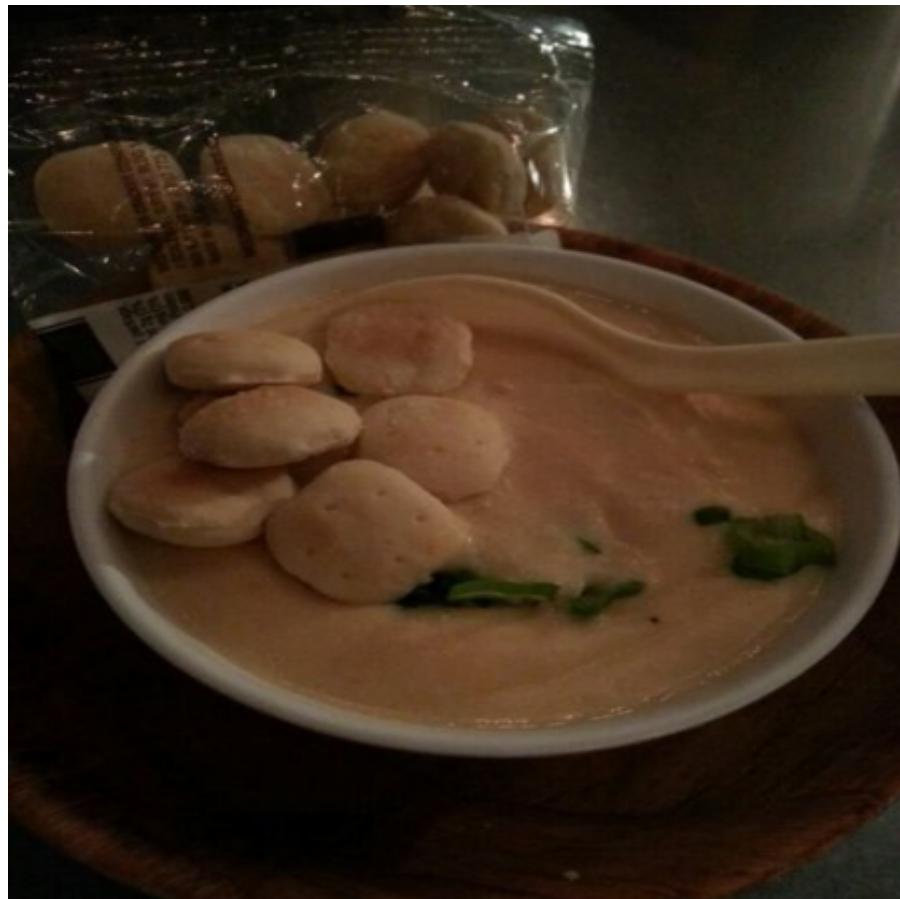

How would you classify this image?

- caesar_salad
- beet_salad
- bruschetta
- greek_salad
- seaweed_salad
- caprese_salad

Food 2

Consider the following image:

How would you classify this image?

- clam_chowder
- lobster_bisque
- beignets
- eggs_benedict
- hummus
- french_onion_soup

Food 3

Consider the following image:

How would you classify this image?

- filet_mignon
- foie_gras
- pork_chop
- steak
- beet_salad
- escargots

Food 4

Consider the following image:

How would you classify this image?

- baby_back_ribs
- prime_rib
- lasagna
- spaghetti_bolognese
- steak
- filet_mignon

Food 5

Consider the following image:

How would you classify this image?

- caprese_salad
- caesar_salad
- bruschetta
- tuna_tartare
- greek_salad
- grilled_cheese_sandwich

Food 6

Consider the following image:

How would you classify this image?

- lobster_roll_sandwich
- pulled_pork_sandwich
- ceviche
- crab_cakes
- lobster_bisque
- clam_chowder

Food 7

Consider the following image:

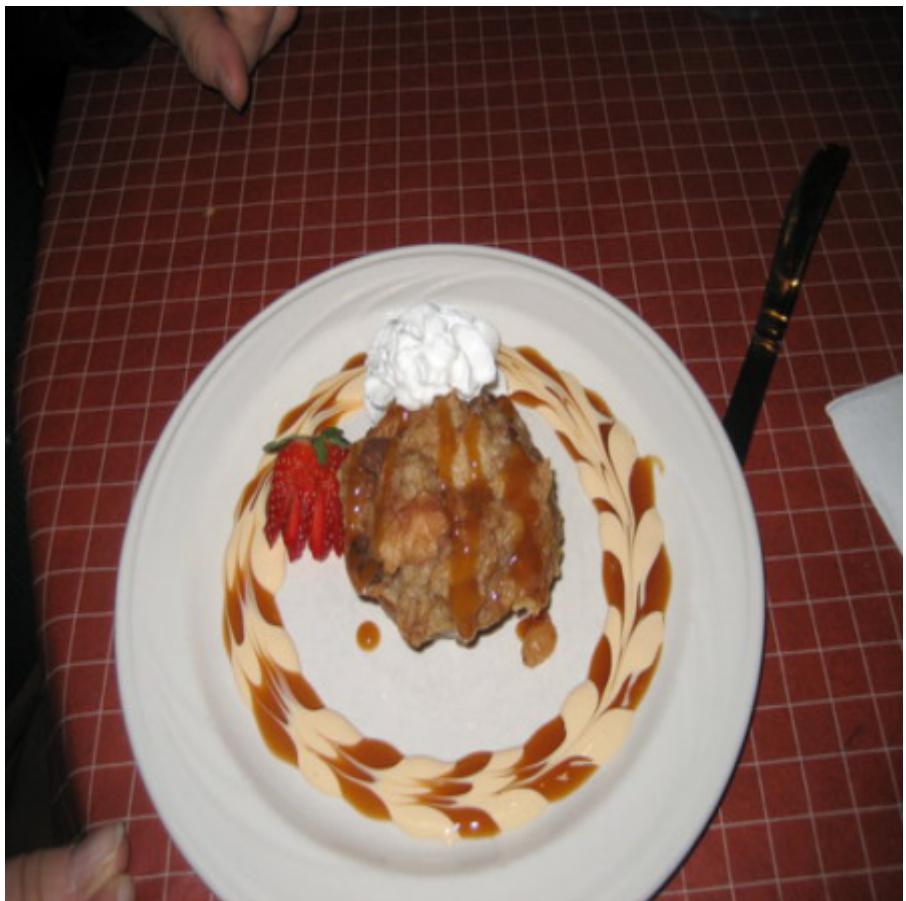

How would you classify this image?

- ravioli
- gnocchi
- bruschetta
- lasagna
- risotto
- foie_gras

Food 8

Consider the following image:

How would you classify this image?

- apple_pie
- crab_cakes
- foie_gras
- peking_duck
- beignets
- bread_pudding

Food 9

Consider the following image:

How would you classify this image?

- takoyaki
- gnocchi
- bruschetta
- escargots
- oysters
- samosa

Food 10

Consider the following image:

How would you classify this image?

- ice_cream
- eggs_benedict
- tuna_tartare
- panna_cotta
- chocolate_mousse
- creme_brûlée
